

Sponsorship Opportunities

This will be the first year of what we hope will become an annual event that will raise money to support the mission for Healing Patriots. Healing Patriots is a 501 c (3) organization whose mission is to provide therapeutic outdoor experiences to injured Veterans and First Responders to help them develop a path to "A New Beginning" of healing. The outing will take place on Monday June 17th at The Bog in Saukville, WI. This outing will be a great opportunity for your organization to network with Veterans and First Responders who have selflessly served our nation and community.

"Healing Patriots provided an environment free from condemnation and were able to answer questions I have had for years. I have found that Healing Patriots isn't about a fishing trip, it's about taking care of responders and veterans that need healing".

~ Jeremy, North Dakota Firefighter

"I had the privilege to LIVE a week of renewing, building, and sharing my ups and downs with men and women that are nothing less than GENUINE. You provided an opportunity for me to get grounded and "be whole"!

~ Wes, United States Airforce Veteran
